Meeting Dates

The Carlos Town Board meets the second and fourth Thursday of each month at 7:00 PM at the Carlos Elementary School, except for November and December, when the board meets only on the second Thursday of the month. Please contact the clerk by the Saturday before meeting if you would like to be placed on the agenda.

Cluttered property

Carlos Township is a beautiful place to live, unless you live next to a property which is unkempt with old cars, personal property, and in general a cluttered mess. Properties that are unkempt are an eyesore to the neighbors who live there and can affect the sale of that property. Please tidy up your property.

Emergency Siren

Carlos Township installed an emergency siren. It is located off of County Road 11 by Circle Drive.

Township Roads

Seal Coating

The township will be seal coating Terrace Drive, Woodsmen Drive, Hidden Oaks and Prairie Road from East Lake Carlos Drive to CR42 this summer.

Miltona Carlos Bridge

The county installed a new culvert over the Long Prairie River last summer. The road will be paved from the bridge to CR13.

Ida Pines

The township is in the process of having this road paved this summer. A final assessment hearing will be held once all bills have been received.

South Lake Miltona Sewer District

The township created a subordinate sewer district for 18 property owners on South Lake Miltona Drive. These property owners have contracted with a private company to install a cluster system. Once completed the township will take over the maintenance of this project.

Buckskin Road East and Carlos Timbers West

Sections of these roads were impassable last year. The township cleaned out the ditches and installed culverts which provided better drainage to keep the water off the road.

Carlos Timbers East

The township approved to move forward and have this road paved this summer/fall. A final assessment hearing will be held once all bills have been received.

Chloride application:

Certain roads in the township will have received Calcium Chloride by the time of this printing. The remaining roads will be completed in early July.

Road Maintenance/Brushing Concerns from residents

All work orders need to be directed from the board to the township's road maintainer. If any resident has a concern or question regarding road maintenance, please contact a board member and they will contact the road maintainer.

Road Tour Inspection

The town board conducted the annual road inspection in April. The township's road maintainer R&R Ready Mix will be addressing issues of adding gravel, blading and brushing.

Primary Election

The township will be holding the Primary Election on Tuesday, August 14th. Polls will be open from 7:00 AM – 8:00 PM at the Carlos Town, 210 Victoria Avenue in Carlos.

Dumping of personal items in Township Right of Way

The town board has seen an increase in unwanted items being left on the side of township roads. The township has a landfill located on Pike Road, which is located south of Carlos Corners on State Highway 29. It comes down to people not wanting to pay to have these items disposed of properly. Township residents pay supervisors to pick up these unwanted item and bring them to the landfill. Therefore, as a whole, all of us are paying to have these items disposed. Please be respectful of our township and county, as we live in a beautiful area and the thought of having trash in our ditches is disheartening. If anyone has information on illegal dumping, please contact the Douglas County Sheriff's office or a township supervisor. You may also call Pope Douglas Sanitation Solid Waste Management at 320 763 9340 to see if your items can be dropped off at their location at 2115 on Jefferson St.

City of Carlos Compost Site

The City of Carlos compost site is not available for township residents. It is maintained & paid for by the City of Carlos. The township has no involvement. Thank you for your cooperation.
